

AL PASA NEN
POWERED BY SOFT N.W

FACIAL MASK

FOR MEDICAL USE CLASS 1 TYPE II

100 % MADE IN ITALY

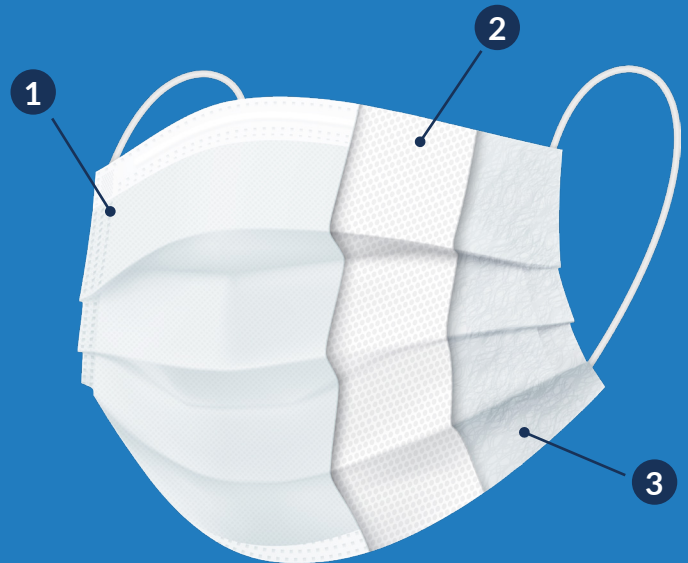

AL PASA NEN

POWERED BY SOFT N. W.

The Al Pasa Nen mask (in Piedmont dialect "Does Not Pass") is made with two layers of non-woven fabric spunbonded produced by Soft NW with the addition of a layer of melt-blown non-woven fabric, Italian supplied, that guarantees high standards of filtration.

The inner layer specially designed by Soft NW guarantees greater compactness, avoiding annoying flying filaments that often are forming during use masks.

1. NONWOVEN **SPUNBONDED** FABRIC EXTERNAL LAYER
2. NONWOVEN **MELTBLOWN** FABRIC INTERMEDIATE LAYER
1. NONWOVEN **SPUNBONDED ANTI PILLING** FABRIC INNER LAYER

THE MASK AL PASA NEN COMES MADE ACCORDING TO VERY RIGID QUALITY STANDARDS AND SOFT NW OFFERS A SERIES OF GUARANTEES:

- Production in **ISO 8 Clean Room** to minimize risk of bacterial contamination
- Bacterial filtration exceeds 99%
- The internal **anti-pilling** layer minimizes the release of filaments that can form with rubbing on the face
- The internal laboratory carries out continuous tests to certify the continuity of the product
- 60% of the raw material is made directly by Soft NW Which can thus control the quality of each passage
- The non-woven fabric of Soft NW It is **Oeko-Tex** certified for contact with the skin
- Each component of the mask is produced in Italy
- Soft NW uses the best-accredited laboratories to perform tests on the masks
- Soft NW is implementing ISO 9001 and 13485 for the production of Medical Devices (end of February 2021)

SOFT NW is authorized by the **Istituto Superiore di Sanità** for the production and marketing with the reference **cov1744** and with the protocol number **0000830 / Cov-dm-d42 - 13/01/2021**.

THE RESULTS OF THE LABORATORY TESTS HAVE CERTIFIED:

BFE

(Bacterial Filtration Efficiency)

99.5% - UNI EN 14683: 2019 standard

BioBurden

(Microbial Cleaning)

UFC <7-UNI EN 14683: 2019 standard

Delta P

(Differential Pressure)

31 Pa / cm² - UNI EN 14683: 2019 standard

The AL PASA NEN mask is packed in coex film food sealed to ensure maximum safety of the product once packed.

Inside the envelopes a cardboard booklet is inserted with all the information necessary for the user.

The masks are customizable both in color and possibly with the application of a mold of your logo by ultrasound on large volumes orders
